

Letter to the Editor,

A grant from Vail's Katz Amsterdam Foundation together with a private fundraiser from local individuals and businesses passionate about mental health services is awarded to CB State of Mind. Their hope is to incentivize other local organizations and individuals to support our mission to build a more coordinated mental health system for our community.

CB State of Mind is set to host a town hall meeting on Thursday, February 27 at 8:30 am. Led by our Executive Director, Meghan Dougherty, key community leaders will meet to raise community interest, increase resources, and fill identified gaps for Gunnison County.

CB State of Mind's Board thanks our community for their on-going support. We invite you to get involved! Contact Meghan Dougherty at [m.dougherty@cbstateofmind.org](mailto:m.dougherty@cbstateofmind.org). Thank you,

Christine Osmundson, Board President and Founding Member of CB State of Mind
